NOTE: *Pin trading is a very fun and popular activity at the Schwan's Cup. Besides trading with opposing teams, players have pin-trading sessions in designated areas. Plus players like to "track down" very popular pins such as ones from international teams. If you child wants pins—estimated at 25-30 pins—there will be an extra expense. Lori Ortega is designing and ordering pins. She will contact you with her costs.*

There will also be lodging expenses and information forthcoming.
